Data description

Abstract

Scenarios of household water demand from 2002-2025. Description of scenario calculation see Diploma Thesis of Höllermann (2008)

No information about Data Lineage; No information about Data Consistency; No information about Data Completeness; No information about Positional Accuracy; No information about Quantitative Attribute Accuracy

Geographic information

Measured parameters

Water consumption

Parameter name: water consumption

Household water demand

Parameter name: household water demand

Water use

Parameter name: water use

Water access

Parameter name: water access

Data use information

Use constraints: Please inform the Point of Contact if you use the data for publication
Data policy: IMPETUS data policy
Database: IMPETUS
Original data format(s): Excel
